Degree Works - Student Information

INTRODUCTION

The following information is designed to assist students in understanding elements of the Worksheet in Degree Works.

Overview

The worksheet shows you how close you are to your degree by comparing your progress against the degree requirements for the catalog year you are following. Additionally, it can also provide:

- real time registration advice by using the “Registration Checklist” Format
- speedier graduation and a streamlined graduation process
- direct access to advice and services through hyperlinks to class schedules and advisors contact information.

The system has several important features.

- Use the [Student View Worksheet](#) to view the classes you still need, and where your completed and in-progress classes fit in your degree requirements.
- Use the [Registration Checklist Worksheet](#) to view only the classes you still need.
- Use [Plans](#) to create a customized path to graduation by plotting your registration in upcoming terms.
- View [Notes](#) that an advisor has added regarding your progress or specific classes.
- View any [Exceptions](#) placed on your audit by an advisor.
- View your [Historic Audit](#). If you have questions about audits from the past (the past 10 audits per program/degree combination and an unlimited number of frozen audits are available to be reviewed).
- Perform a [What-If](#) analysis when you are considering switching degree, major, or adding a minor or concentration; as well as when you want to see how a class(es) you are planning on taking in the future will fit in your degree requirements.

Understanding the Sections of Your Audit

The Student View is the default view when you login. Below is information on various elements you will find in your audit.

Print Icon

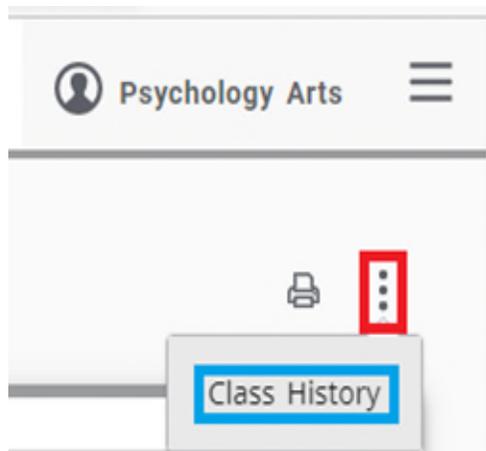

This icon can be used to produce a PDF of your audit. The PDF will open in a new window. You can use the “Save” icon at the top right to save a copy or you can use the “Print” icon at the top right to print a copy.

Sign out

The Sign out option is found by using your name at the top right which is a link. To protect your privacy, we recommend that you log out when you’re not using it.

Class History

You can view a list of classes you’ve completed by using the ellipses (3 dots) to the right of the Print icon and choosing Class History.

This will open a pop-up window and display the classes you have completed as well as in progress classes by term. The class, title, grade, and credits will appear for completed classes. In progress classes will display the class, title, and credits but no grade.

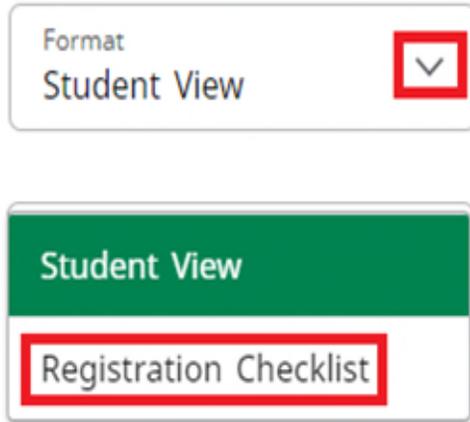

2022 Fall Term

Course	Title	Grade	Credits
HIST 185	Nuc Weapons, Nation and Enviro		3
PSY 120	Biological Bases of Psychology		3
PSY 121	Social and Develop Psychology		3

Registration Checklist

The Registration Checklist Format shows you what is still needed to meet your degree requirements and what classes can be used to meet the requirements. It does not display classes that have been used to complete requirements or classes that were not used to meet requirements (such as withdrawn or failed classes).

To display this checklist, use the drop-down in the Format box and choose Registration Checklist.

Student Information

Basic information will be displayed in the first block including Student ID, Name, Degree, Major, Classification, etc.

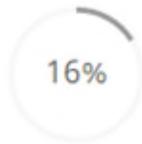

Student ID 123456789	Name Arts, Psychology	Degree Bachelor of Science Four-Year		
Level Undergraduate Level	Classification Third Year	Major Biology	Minor (no minor)	Program Bachelor of Science (4 Yr)
Concentration (no concentration)	College Arts and Science	Term / Academic Standing (none)	NSID ABC123	
Other Institution Degree / Last Attendance Date NON / 31-DEC-2021	Holds (no holds)	Status Active	U of S Degree (none)	
Email abct23@mail.usask.ca	Campus (no campus)	Grad Program Start Date (none)	Grad Program End Date (none)	
Applied to Graduate (none)				

- Classification is your year in program. This information is updated by undergraduate colleges at certain times of year. If a year in program is not recorded for you, this will display as “Classification {goal}”. Graduate students will not have a year in program listed. If you have a question about your year in program, contact your college.
- Audit date indicates the last date/time your data was updated from the student system. The date could be today or in the past. If you have made changes to your registration, the changes will appear in your audit the following day. Your audit may also be manually refreshed or updated by an advisor during important times like registration, graduation or when you have an academic advising appointment.
- Degree and Major (as well as Minor and/or Concentration) is what’s currently recorded for you in the student system. If any of these pieces of data have changed, your audit will be updated the day after the staff member in your college updated the data. If this information is not what you’d expect, contact your college.
- If you have a hold on your account, a “Y” will appear in the Holds field. If you have questions about a hold, check PAWS or contact Student Central.
- Term / Academic Standing will be blank unless you have a previous faculty action (such as required to discontinue).
- U of S Degree will display any degree(s) granted by the University of Saskatchewan.
- Other Institution Degree / Last Attendance Date will display any degree(s) granted from another institution.
- The fields Grad Program Start Date and Grad Program End Date are the start and end dates for graduate students and their graduate program.
- Applied to Graduate will display “Yes” if you submitted an online application to graduate for a credential that is not yet awarded. If a student’s degree record status is changed to “Refused” or “Withdrawn” then the “Yes” will no longer be displayed.
- Status will be listed as Active, Inactive, Inactive - did not register, Inactive - not reg for 4 terms, Inactive - was AT, Inactive due to graduation or Temporarily active.

Estimated Program Progress

This progress estimates how close you are to completing your degree based on the number of boxes which are checked as being complete in your audit.

Estimated Program Progress

Requirements

Legend

The Legend is near the bottom of your audit. The following provides details of each icon that may be used in your audit.

Legend	
 Complete	 Not complete
 Complete (with classes in-progress)	 Nearly complete - see advisor
@ Any subject and/or course number	(R) Repeated class

Complete

This means the requirement is complete and the class(es) displayed were used to meet the requirement. Equivalent classes are used to meet requirements. Once a requirement is met the class(es) that could have been used to meet that requirement are no longer displayed.

Complete (with classes in-progress)

This means the class(es) used to satisfy the requirement is in progress (you are registered in a class in a current or future term but no final grade has been entered).

Nearly complete - see advisor

This means the requirement is nearly complete and you should see an advisor for further information.

Not complete

This means the requirement has not yet been met.

@ Any subject and/or course number

This is used to indicate “any”.

- Example 1, MATH @ means any class number within the subject of MATH will fulfill the requirement.
- Example 2, @ 200 means any subject at the 200 level will fulfill the requirement.

Attributes are used within requirements for the College of Arts and Science and some other colleges. Information on what subjects fall under which attributes can be found at <https://programs.usask.ca/arts-and-science/policies.php#MajorsandProgramTypes> under Majors and Program Types.

FNAR = Fine Arts Program Type
HUM = Humanities Program Type
NASC = Natural Sciences Program Type
SOCS = Social Sciences Program Type
SCIE = Science Program Type

The @ symbol is commonly seen in these requirements indicating any subject with that attribute can meet that requirement.

3 Credits in @ 100:499 with [attribute = HUM](#) or [attribute = SOCS](#)

(R) Repeated class

A class that has been repeated and can't be used to meet a requirement will be indicated with this.

Blocks or Sections in Your Audit

Your audit is split into blocks of requirements.

Degree Block

The Degree block indicates that degree you are seeking. It also indicates all the blocks included. It may also include information that applies to all students seeking that degree.

Bachelor of Science 4 Year INCOMPLETE

Catalog year: 2021-2022

○ Degree Requirements **Still needed:** See [Biology Major, BSC4Y Program](#) section

Program Block

The Program block will vary depending on college and will contain a list of the core requirements needed by all students regardless of the major they are following. In the case of the BSC4Y program, the following core requirements are listed and individually broke out in the remainder of the blocks in the audit.

- College, Breadth & Cognate Requirements
- Major Requirements
- Open Electives
- Minimum Credits In Major To Be Taken at UofS

Exceptions

An advisor may place an exception on your audit for a specific requirement. Below are a few example situations.

- Substituting a class for one that has already been completed.
- Allowing an additional and/or different class to be used in a list of possibilities.
- Increasing or decreasing the amount of credit units in a requirement.
- Remove a class from a list of possibilities.

In the following example, MATH 264 was added using the Apply Here exception. When an exception is added, a note will appear in the block under the requirement indicating who entered the exception, the date and a description. The exception also appears in the Exceptions block near the bottom of the audit.

Other Information

Multi-Term Classes

Multi-term classes are classes which run over two terms. A 6-credit unit multi-term class will fit into two 3 credit unit requirements on your audit.

In the following example, ENG 110 appears twice and is listed each time with 3 credit units for a total of 6 credit units.

2014-2015 Term 1

Course	Title	Grade	Credits
ENG 110	Literature and Composition	60	3

2014-2015 Term 2

Course	Title	Grade	Credits
ENG 110	Literature and Composition	60	3

Multi-term classes taken prior to 200505 will display as a single class in the audit. If you have questions about how a multi-term class is appearing in your audit, contact your college.

Transfer Credit Classes

If you receive transfer credit for a class(es) taken at another post-secondary institution, the credit may be used to meet requirements.

In the following example, ENGL 100 and ENGL 110 are classes from the University of Regina. The U of S equivalent class is ENG 110, and 3 credits were transferred and used to meet the English Language Writing requirement.

✔ English Language Writing	ENG 110	Literature and Composition	TR	3	2019 Fall Term
Satisfied by: ENGL100,110 - - The University of Regina					

If you have been granted generic transfer credit (example - ENG JR, PSY SR, BIOL UNSP.) for a class(es) taken at another post-secondary institution, it may count towards a requirement where the requirement includes a generic class is acceptable.

For example, RLST 100 is the class from the University of Regina, the U of S equivalent class is RLST JR, and 3 credits were transferred and used to meet the Humanities Requirement.

✔ Humanities Requirement	RLST JR	Transfer Credit	TR	3	2019 Fall Term
Satisfied by: RLST100 - Intro to Religious Studies - The University of Regina					

If you have questions about how a transfer credit class is appearing in your audit, contact your college.

Credits Required and Credits Applied

The Credits required and Credits applied appear in the heading of the program block and may appear in other blocks depending on your program. If you have questions about these requirements, contact your college.

In the following example, 120 credits are required for the program and 84 credits have been applied to the audit.

Business Economics Major BA4Y

Unmet Conditions

In various blocks in the audit, you may see unmet conditions for a set of requirements. This refers to a specific condition placed on the block. The audit informs you if you haven't met one of the conditions and explains how many credit units you require to meet that condition. If you have any questions about meeting these conditions, contact your college.

Psychology MinRes Rule (BA4Y)

INCOMPLETE

Catalog year: 2021-2022

Unmet conditions for this set of requirements: A minimum of 24 credit units in the Major must be taken at the University of Saskatchewan. You have taken 12 but need 12 more credit units.

This section is to check and enforce Minimum Residency rules. 24 Credit Units must be taken in the major through the University of Saskatchewan Note: The major includes courses from other requirements.

Averages

For colleges that have averages in Degree Works, the information will appear on student's audits. The program average is near the beginning of the program requirements. Additionally, there may be minimum average required displayed and may show averages for distinction and great distinction.

BSN Program Years 2-4 Requirements INCOMPLETE

Catalog year: 2021-2022

Students must maintain a minimum average of 60% in years 2-4. The top 20% of students will receive distinction or great distinction as follows: of the top 20%, 5% of students will be awarded great distinction and the remaining 15% will be awarded with distinction. Your average is 80.05%; an average $\geq 60\%$ is required

Your year average is displayed for each year of the program.

Types of Advice on Your Audit

Proxy Advice displays a degree or class requirement. It will disappear from the audit once you have met the requirement.

Still needed: Select a minimum total of 54 credits from Arts & Science undergraduate courses to meet the overall degree requirement of 120 credit units. In addition to Arts & Science courses please see the list of automatic transfer courses from other Colleges that can be used towards this requirement (<http://artsandscience.usask.ca/links/xfercourses>). You have taken 18 but need 36 to 981 more credits.

Viewing Audit History

There are two types of historical audits.

- Regular Audits
 - Each time a new audit is created it is stored under the View historic audit drop-down. Up to 10 of these audits per program/major are kept.
- Frozen Audits
 - When an advisor freezes an audit (such as during an academic advising appointment or promotion/graduation check), it will appear in the View historic audit drop-down. The name of the advisor and a description of the audit will also display. An unlimited number of frozen audits are kept over and above the 10 regular audits.

Use the drop-down in the View historic audit box to display the historical audits.

The audit highlighted in red above is a frozen audit and the audit highlighted in blue is a regular audit.

When a historical audit is chosen, it will default to the Student View Format. You can change to the Registration Checklist Format if you wish.

The print icon (Save as PDF when you mouseover) can be used to produce a PDF of the chosen audit.

When viewing a frozen audit, the title, type, frozen by name and frozen date will appear under the Audit date field.
