

# MONTANA USA

## Geology in Montana

**GEOL 308.3**  
(3-credit units)

**August 24–  
September 2, 2022**

APPLY BY  
**February 1, 2022**

USask students will visit the Little Rocky Mountains of Montana to experience the splendid geological locale. At the foot of the mountains on the eastern side is the old gold-mining village of Zortman, out of which students will pursue geological investigations into the Little Rocky Mountains.
