

Careers Day Graduate and Undergraduate Research Showcase

Registration Form

All USask graduate and undergraduate students involved in research or independent scholarships over the past year are invited to share their work at the inaugural Careers Day Research Showcase.

The event will be held from 11:30 am to 2:30 pm, September 18th at the Student Employment and Career Centre's Careers Day on the PAC's upper track. Set up time is from 10:00 am to 11:30 am.

This Research Showcase provides students with an opportunity to share their work to employers, industry leaders, students, USask faculty, staff and other researchers.

The intent is for you to present your research alongside a research Advisor, where possible. Your work can include for-credit projects, such as honors thesis research, as well as not-for-credit projects.

Contact [Adam Solie](#) in the Student Employment and Career Centre (SECC) for additional details.

To submit your proposal to participate, complete the form and email to adam.solie@usask.ca by **September 5th, 2019 at 11:45 p.m.**

Space is limited and proposals will be evaluated accordingly.

In order for a proposal to be considered, all sections of the proposal form must be complete and accurate.

Designated Project Leader

Student's Name	<input type="text"/>
Student's Email	<input type="text"/>
Student's NSID	<input type="text"/>
Website (if applicable)	<input type="text"/>

Please provide name, email and NSID of additional student contributors (Please attach additional page if more than 2)

Student's Name	<input type="text"/>
Student's Email	<input type="text"/>
Student's NSID	<input type="text"/>

- No

Project Abstract (50 **word minimum** - 300 word maximum):

*In paragraph form (not point form!) and using a **minimum of 50 words** please describe what your project is about, including a brief summary of what you did. This is a very important part of the registration process so please try to explain your project to the best of your ability. Failure to do so may result in disqualification.*

*NOTE: A table to display your research will be included for free. **If you require electricity**, please state that in your project abstract as there is limited availability.*
